Here's Information For Young Men Liable For Military Training

Officials of the National War Services Department report gratifying and ready response from young Canadians being called for military training under the National Resources Mobilization Act.

They state, however, that while each man receives a mailed individual and personal notice of his call to training, as his period arrives, a number of enquiries are still being sent direct to Ottawa. Major-General LaFleche, Associate Deputy Minister of The Department of National War Services, under whose direction the mobilizing of trainees is being carried out, points out that the regulations have been planned to smooth out possible difficulties for the trainee by dividing Canada into 13 administrative divisions, with officials and headquarters offices in each division, authorized to handle procedure and operations locally.

To Divisional Registrar of National War Services in the area in which they are registered should be forwarded all communications concerning business arising from the provisions of National War Services Regulations. All men from 19 to 45 are warned that notification must also be given promptly of change of address or marital status. Failure to do so incurs the risk of fine or imprisonment.

Young men in the area of the Saanich Peninsula and Gulf Islands, liable for military training, requiring further information regarding their obligations or applications for postponement should communicate with Divisional Registrar for this district, whose name and address are given below for their convenience, along with the names of other members of the board:

Chairman of the Board—Hon. Mr. Justice A. M. Manson, Vancouver, B.C.

Members of the Board—Mr. Alex. McKelvie, 1214 E. Pender Street, Vancouver, B.C.; Mr. T. Barnard, Nanaimo, B.C.

Divisional Registrar—Mr. C. G. Pennock, Yorkshire Building, Vancouver, B.C.

There were many contests and stalls, and home cooking was under the supervision of Mrs. J. Ramsay. Mrs. W. R. Pillar and Mrs. Davidson sold tea tickets and Mrs. F. F. King was in charge of the tea which was served in the welcome shade of the grove.

Mrs. C. C. Cochran sold tickets for the War Savings Certificate that was won by Mrs. George L. Baal.

Mrs. Baal, attired in Chinese costume, sold novelties from a Chinese basket.

Mrs. Bruce and Miss Pillar were in attendance at the lemonade and candy stalls.

Mrs. Goddard was the cake winner. Mr. Deildal was victorious in both golf and shooting contests.

Mrs. G. C. Johnston, regent of the chapter, was general convener of the garden party, which resulted in a profit of \$85.

PREMIER T. D. PATTULLO,

who, for 25 years, has served as member of the Provincial Legislature, representing the riding of Prince Rupert, will seek re-election as leader of the Liberal government in October. Being far-sighted, Premier Pattullo, during his long term of public service, has seen British Columbia progress rapidly, and has enjoyed the experience of seeing many of his plans for the welfare of this province brought to fruition. In seeking return of the present government to office, he does so on a record of achievement, plus his plans for the future of British Columbia coupled with the pledge that this unit of Confederation has given, and will continue to give, the fullest co-operation in Canada's war effort.

MRS. STANGE TAKES OVER DRESS SHOP

This week saw a change in one of Sidney's business establishments when Mrs. F. W. Stange took over Marge's Dress Shop on Third Street.

Opened about seven months ago by Mrs. Thorburn this shop has proved quite popular.

Mrs. Stange, who has had many years of experience, will continue in dressmaking and altering in order to meet the desires of the residents in creating all the latest models in street wear, afternoon frocks, etc. Mrs. Stange plans to carry dress lengths in all the newest shades and materials so that a choice in fabrics and styles in vogue may be made. The latest up-to-date patterns of the seasons will be on view.

In addition to dress requirements Mrs. Stange plans to carry a complete stock of lingerie.

Advice will be given fully as to individual style and taste.

SIDNEY, V.I., B.C., Wednesday, July 23, 1941

AN EASY DECISION

Motor car drivers in Canada are now face to face with the fact that the airmen of the empire need the gasoline which Canadians are using for pleasure purposes.

For several months past every loyal Canadian has been nursing the fervent wish that the young flyers from Canada with their brother fighters in the R.A.F. could pay back ten-fold the unspeakable horrors which Nazi airmen have unloosed in the British Isles. Now finally the wings of hundreds of Empire planes are casting their shadows over Germany daily. The hour has come when we have the opportunity to shake the morale of Hitler's millions.

But as each new flight of aeroplanes streak into battle, and as the Empire increases its raiding groups from a handful of attackers to waves of machines which are counted by the hundreds, fuel for these fighting ships stands out as the stark need of the hour.

From London comes the urgent cry, "Give us all the gasoline you can spare."

Canada cannot turn over all her gasoline. That product is vital in our huge production of war materials. We need large quantities for the hundreds of air training ships across the country, for the navy and the convoys which touch our shores, for the transportation of war goods. But there is one way in which we can supply more and more gasoline for the fighters—by refusing to use up gasoline unnecessarily in private motor cars.

Millions upon millions of gallons of gasoline are spent every year in private motor cars for purposes which may be considered unnecessary in the light of the drastic need across the Atlantic.

If our fighting forces are to get any help at all from Canada, in so far as gasoline is concerned, fuel experts declare, then owners of private motor cars must reduce their consumption of gasoline by at least 50 percent.

Armed with this knowledge who of us is going to refuse to co-operate?

The decision is an easy one.

General Provincial Election To Be Held In October

VICTORIA, B.C., July 22.—A general provincial election will be held in October. This was made known today by Premier T. D. Pattullo, when he announced the dissolution of the Provincial Legislature.

In making the announcement, it is recalled that the premier has been a member of the Provincial Legislature for the Prince Rupert constituency for the past 25 years. For 12 years he was Minister of Lands and for five years leader of the opposition. The last eight years he has occupied the post of Prime Minister.

This is something of a record among public men throughout Canada, and being in excellent health, Premier Pattullo is looking forward to many more years of public service.

He has several matters which he is particularly anxious to see brought to fruition as war and immediate post-war undertakings. Among these are the completion of main highways in British Columbia, including the British Columbia-Yukon-Alaska Highway; the discovery of oil in the Peace River territory; extension of the boundaries of British Columbia to include the Yukon, and the establishment of an iron and steel industry.

Following the war, it is his earnest desire to agree upon a formula with the Dominion Government enabling the province to enjoy a fair and equitable proportion of the income tax so that it may adequately participate in developmental policies, and at the same time establish a single system of tax collection by the Dominion.

The premier feels that his government has the background of knowledge and experience both to protect and further the interests of the province.

The premier's announcement was accompanied by a manifesto in which it was pointed out that, due to changes in the "Election Act" it had been necessary to allow a longer time than usual between dissolution and election day. The period for registration, the premier said, was sufficient to permit everyone eligible to get on the voters' list.

The chief reason for calling the election, the manifesto states, is to enable the government to implement its pledges to the Dominion Government of all-out co-operation in the nation's war effort.

"To co-ordinate Provincial taxation with Dominion proposals, it will be necessary to pass legislation at the next session of the Provincial Legislature to bring into effect appropriate measures," the manifesto reads. "The matter is of such importance that I feel the Government should have an expression of the wishes of the electors," it continues.

The manifesto also outlines the three main tasks confronting the government. They are:

First—To do all possible to assist in the war effort;

Second—To keep the home front functioning as adequately as war effort will permit;

Third—To bear in mind post war problems and act in relation thereto as far as items one and two will permit.

Citizens Of Pender Island Invite You To Their Annual Fair

PENDER ISLAND, July 23. — Pender Island citizens will hold their tenth annual Agricultural and Industrial Show on Wednesday, August 20th, in the Hope Bay Hall.

This fair, held annually, has proved most popular and outstanding on previous occasions and again this year the show committee are planning for an equally successful and notable event.

Officially opened at 1 p.m., the fair will remain open to the public until 5 o'clock.

A lengthy prize list has been drawn up and a variety of classes give excellent opportunities to all to win many of the cash prizes and special awards.

In the agricultural section flowers, potted plants, and vegetables may be entered. All such entries must be grown by the exhibitor.

Exhibits of canning, dairy and cooking and including the needlework section must be the work of the exhibitor.

Cocoanut shies, hoop-la and many attractions of a fair will be featured and light lunches will be served on the grounds.

To mark the close of the fair a dance will be staged in the Hope Bay Hall. Dancing will commence at 9 o'clock and a large attendance is expected at this "fair" dance to climax the day's event.

Enrolment Of School Children In North Saanich Area Up 30 Percent Over Last Year

The annual ratepayers meeting, as advertised, was held on Wednesday, July 16th, 1941, at 7:30 p.m., in the North Saanich Consolidated School, only 16 qualified ratepayers

being present. R. A. Sansbury acted as chairman and F. J. Baker as secretary.

The following trustees were elected for two-year

terms: Mrs. A. Aylard replacing Mrs. L. Gibbons who has left the district to reside in Victoria; F. J. Baker, standing for another term; and Dr. H. J. Coleman taking R. H. Chappell's place, Mr. Chappell feeling that he could not spare the time or energy to accept nomination this term.

During 1940-41 the enrolment for the schools was 317, an increase of 30 percent over the previous period of time.

Twenty candidates have written their junior matric examinations; eight graduating this year, and 12 next year. Mrs. Taylor's (nee Miss M. Brogan) resignation has been accepted, Mrs. Taylor leaving for the east where she will take up residence. Miss E. Moses of the Sidney School staff has been granted a year's leave of absence owing to ill health; Miss Bella Craig being appointed to take Miss Moses' place. It is necessary to appoint two new teachers, one to replace Mrs. Taylor, and one to take half of Miss Brown's class at the Sidney School, Miss Brown having a class of 48, grades 1 and 2, during last year.

The following new buildings and equipment have been added: An extension to the industrial arts building to include metal work and farm mechanics and new equipment for same together with a new metal lathe. A new heating system installed in the Deep Cove School and in the two primary rooms at the Sidney School. The surplus, after paying for the above mentioned was \$776, \$600 of this amount being a special grant given the board by the Department of Education. The following is a report on the Sidney School:

On December 6th, last, the Provincial Medical Officer notified the Board that the toilet accommodations were un-

TO THE ELECTORS OF BRITISH COLUMBIA:

The Legislative Assembly has been dissolved and a general election will be held in October.

It has been necessary to allow a longer time than usual between dissolution and election day on account of changes in the "Elections Act" providing for compilation of new Voters' Lists in the larger ridings and also by reason of change in the boundaries of several constituencies which necessitates alterations in the Voters' Lists.

The time for registration of voters is sufficiently long to permit everyone eligible to get on the lists, including those who may be away for the summer holidays.

The chief reason for calling the election this year rather than postponement for another year is that following Parliamentary enactments at the last session of the Dominion Parliament, your Government agreed to co-operate to the full for the period of the war in the proposals enacted, and we also indicated our earnest desire to co-operate fully thereafter upon a basis to be arranged.

To co-ordinate provincial taxation with Dominion proposals it will be necessary to pass legislation at the next session of the Provincial Legislature to bring into effect appropriate measures. The matter is of such importance that I feel the Government should have an expression of the wishes of the electors.

While all else is subsidiary to war effort, we must nevertheless carry on our local affairs to best advantage. We may, therefore, say that broadly speaking three tasks confront us:

- First, To do all possible to assist in war effort;
- Second, To keep the home front functioning as adequately as war effort will permit;
- Third, To bear in mind post-war problems and act in relation thereto as far as items one and two will permit.

It is not possible to discuss in this statement all the innumerable matters of public concern, but let me say this by way of generalization. Apart from considerations of war effort, the chief problems of our Province are the social welfare of our people, the advancement of the agricultural industry, and the building up of industrial activity with

which is allied development of our basic resources.

British Columbia now ranks third in Canada industrially and we are bound to go forward by leaps and bounds but we can aid and accelerate development governmentally, and this must be our constant objective.

British Columbia has a glorious destiny. Captain George Vancouver, in his earliest voyage of discovery, said in May, 1792:

"To describe the beauties of this region will, on some future occasion, be a very grateful task to the pen of a skillful panegyrist. The serenity of the climate, the innumerable pleasing landscapes, and the abundant fertility that unassisted nature puts forth, require only to be enriched by the industry of man with villages, mansions, cottages, and other buildings, to render it the most lovely country that can be imagined; whilst the labour of the inhabitants would be amply rewarded, in the bounties which nature seems ready to bestow on cultivation."

What appeared so propitious then is doubly in evidence today. It is the obligation of all of us to do our duty to this great heritage.

I beg to remain,
Your obedient servant,

VICTORIA, B.C.
JULY 22, 1941
Prime Minister.

sanitary and a menace to the health of the children owing to the fact that the school grounds and adjacent territory did not provide adequate drainage.

Upon investigation it seemed that no system of field tile drainage would completely remedy the situation, so it was decided that the only safe procedure is to instal proper flush toilets, septic tank and filter bed. Plans were drawn by the Public Works Department and approved by the Board of Health. We estimate the cost to be around \$2,300, the Government grant towards same at least 20 percent.

It will be necessary to redecorate both primary rooms and provide 40 lineal feet of new blackboard. To meet these expenditures it will be necessary to raise a loan of \$2,000 at a rate of interest not exceeding 5 percent.

In view of the fact that through the efforts of the Trustees the Department of Education has given the district a substantial increase towards the teacher's salary grant, the Trustees figure that they can take care of the extra teacher and service charges on the new loan by voting the same sum as was asked for last year, namely \$16,000.

A resolution to this effect was passed at the meeting.

Due to the increased building in the district since the last assessment roll was made, it is anticipated the mill rate for school purposes should show a reduction for 1942.

Moved by the Rev. T. R. Lancaster, seconded by Mr. Lines, that a vote of thanks be tendered to the trustees for the work done on behalf of the community.

Salt Spring Island Consolidated School Debt Free; Has Money In The Bank

GANGES, July 23.—The annual meeting of the rate-payers of the Salt Spring Island United School District was held in the Consolidated School, Ganges, on Wednesday, July 16th, the chairman being E. Parsons.

The trustees were able to present a very satisfactory account of the year's work and the financial statement revealed that the school district is debt free and has a balance in the bank of \$2,100.79.

Appreciation was expressed for the services rendered by the entire teaching staff, the bus drivers and the janitors.

The meeting regretted the resignation of the principal, J. B. Foubister, who has been appointed Sub. Lieut. in the R.C.N.R.; the industrial art teacher, H. G. Dickson, who has been appointed to a position on the staff of West Vancouver Schools; Miss Audrey Hamilton, who is leaving for reasons of health, and the bus driver, E. Brenton, who has left to take up a position with Vancouver Island Coach Lines.

The board was instructed to make new appointments to fill these and any other vacancies.

By the estimates for the ensuing year the need for an additional bus was disclosed and efforts will be made to provide same.

The ratepayers, by a vote of thanks to the trustees, expressed themselves as satisfied with the work of the board in the year just closed and re-elected the retiring trustees, A. W. Drake and Gavin C. Mouat, for a further period of two years.

F. Stacey was re-elected auditor for the coming year.

British Spoils of Victory at Agordat

British and Indian troops inflicted heavy casualties on the Italians in the final assault on Agordat, Eritrea. With the capture of the town the British took hundreds of prisoners and a great amount of war material. Italian light tanks which were captured at Agordat are seen in this picture.

God Save Our Empire, King, And Queen

By MARGARET K. CUNNINGHAM
Ganges, Salt Spring Island, B.C.

God save our Empire, King, and Queen
Through war-torn days of strife and stress,
Restoring peace and happiness,
And make us worthy to fulfil
This sacred trust! On Thee we lean!
O kind and gracious Providence!
Show mercy, strength in our defence,
Protect with Thy most loving hand
Our kin in air, on sea and land.

"Raise the standard!" Be our watchword!
Exalt the motto! Summon all
Obeying not the urgent call!
From icy north to southern shores
We rise to meet a world's great cause!
Marching forward! Pressing onward!
Western mountain, eastern ocean,
Ever filled with deep devotion,
As, loyal, united, hand in hand,
We rally round the Motherland!

O Motherland! Dear Motherland!
We stand on guard to keep for thee
The freedom of earth, air, and sea;
And in the trials through which we go
May courage, faith disperse the foe!
United stand! For victory grand!
In every heart and tongue each day
Throughout the realm all men shall pray:
"God save our noble King and Queen,
Bring back a reign of peace serene!"

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "These are the things that ye shall do: Speak ye every man the truth to his neighbor; execute the judgment of truth and peace in your gates" (Zechariah 8: 16).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Grace and Truth are potent beyond all other means and methods. The lack of spiritual power in the limited demonstration of popular Christianity does not put to silence the labor of centuries. Spiritual, not corporeal, consciousness is needed."

"CALLING ALL CARS"

Save Gasoline

A NATIONAL EMERGENCY

Canada is right up against an acute shortage of gasoline and fuel oil. Tankers that normally supply our country have been commandeered for vitally important overseas service.

The Commonwealth Air Training Plan, the rapid development of Canada's mechanized army units and the great work carried on by our corvettes make the demand for fuel urgent.

Our crude oil intake is limited. There is just one thing to do if our fighting forces are to carry on with a "full tank". Every Canadian motorist is asked to cut his daily gas consumption in half!

There are many ways by which this 50% saving can be made... ways and means to give you more mileage per gallon. You can drive slower so that you will use less gasoline. You can go fifty-fifty with your neighbours, inviting each other to share cars... for business, and for pleasure. People can readily go to and from work together, using one car instead of four... using one gallon of gasoline instead of several. Women as well as men can make these savings.

The amount of gasoline used in Canada for business, social and non-essential activities is amazingly high in proportion to that used by our fighting forces. One look at the figures would convince you that this situation must be reversed.

Canada does not ask or request you to put your car up. She merely asks for your help... asks that you walk sometimes when the distance isn't too great...

that you take a shorter drive on Sunday afternoon... that you look after your car and keep it in good condition... that you say to your neighbour: "Let's use my car today, Jim; we'll use yours tomorrow."

Every day, in greater and greater quantity, we must release gasoline and oil by the thousands of gallons to our throbbing munitions plants... to our tanks and armoured cars... to our fighting planes and bombers... to our corvettes and merchant ships that ply the vital sea-lanes... so that the day of victory may sooner be at hand.

Will YOU help?

It is also vitally important that you reduce the use of domestic and commercial fuel oil.

17 easy ways towards a 50% GASOLINE SAVING

(Approved by Automobile Experts)

Reduce driving speed from 60 to 40 on the open road.

Avoid jack-rabbit starts.

Avoid useless or non-essential driving.

Turn motor off when not in use. Do not leave idling.

Don't race your engine; let it warm up slowly.

Don't strain your engine; change gears.

Keep carburetor cleaned and properly adjusted.

Tune up motor, timing, etc.

Keep spark plugs and valves clean.

Check cooling system; overheating wastes gasoline.

Maintain tires at right pressure.

Lubricate efficiently; worn engines waste gasoline.

Drive in groups to and from work, using cars alternate days.

For golf, picnics and other outings,

use one car instead of four.

Take those short sleeping trips ON FOOT

and carry parcels home.

Walk to and from the movies.

Road owners, too, can help by reducing speed.

Your regular service station man will gladly explain these and other ways of saving gasoline. Consult him.
